

Kum River Is Breached By North Koreans

MEMBERS OF U. N. MAY BE ASKED TO AID

United States Is Quietly Informing Interested Members That Participation Would Be Welcome

PAKISTAN MAY HELP

Washington, July 14—(AP)—The United States is quietly informing other interested United Nations members that it would welcome participation of their ground forces in the fighting in Korea.

There is no expectation among top officials here, however, that the main burden of battle can or will be borne by other than American troops. Several reasons are advanced for this, the chief one being that the United States is the nation in the best possible position to do the job.

President Truman was asked at his news conference yesterday what he thought about ground forces from other countries joining the fight. He simply referred to a newsconference statement which Secretary of State Acheson had made on Wednesday.

Acheson said the state department was discussing the problem with the United Nations and the army. Obviously, he added, any offer of troops would be most helpful.

The problem has been dramatized by demands in congress for a greater effort by other United Nations members in the Korean war, and it is reported to have been a source of concern to top authorities in both the state and defense departments.

Meanwhile there have been reports that the government of Pakistan was considering offering troops to Gen. Douglas MacArthur, the U. N. commander for Korea, and that some other governments, so far undisclosed, were also thinking about making offers.

The only foreign proposal to date came from the Chinese Nationalist regime on Formosa and reportedly has been discouraged by MacArthur on two grounds: (1) that the Nationalist troops are needed for the defense of Formosa against the Communists, and (2) their use in Korea might bring the Chinese Reds in on the side of the North Koreans.

Britain and France are the countries generally considered most able to take over a share of the fighting and to operate alongside American forces.

Coast Guardsmen Drag Lake Erie For Body of One of Two Accident Victims

Erie, July 14—(AP)—Coast Guardsmen dragged Lake Erie today for the body of one of two people who died in a plane crash near North East.

The body of R. G. Cobb, Cleveland manufacturer, was recovered last night from the wreck of a small plane.

Dr. Esie Hartman, 34, of Chicago, a cousin of Cobb's, was reported by associates to have been with him. Her luggage was found floating in the cabin alongside Cobb's body.

The plane crashed into the Lake shortly after noon yesterday during an electrical storm. It sank almost immediately.

However, the craft floated to the surface last night after its motor had been torn loose in the

Celebration Committee and Fireworks Company Reach Compromise Agreement

The Fourth of July Celebration Committee met last evening at the American Legion Home with Joseph Vitale, vice president of the Atlantic Fireworks Corp., of New Castle, when a satisfactory compromise was reached in regard to the program which the company had contracted to set off here on the night of July 4th, and which was rained out shortly after the show had started.

At the outset Mr. Vitale explained that his company was "anxious to get together with the committee on any agreement that would be satisfactory to the Warren organization. After some discussion the committee agreed to pay the company \$400 to cover expenses incurred and the firm will take back that portion of the program that was not set off. It was the opinion of the committee that any fireworks program at this time would be an anti-climax that could not be enjoyed by a great portion of the thousands who were in Warren on the evening of the Fourth.

Brutal Slaying Of Detroit Woman Is Probed By Police

Detroit, July 14—(AP)—The brutal slaying of a comely matron of Detroit's west side sent police on a search for clues in a deepening mystery today.

Pretty Mrs. Vivian Stanley, 37, clad only in a nightgown and a house coat, was found dead shortly before noon yesterday in a weed patch two miles from her home. The victim, wife of a scientist and mother of two children, had been garroted—with a rope or a chain, police said—and her neck was broken.

A neighbor was held for questioning and the investigation turned in part to \$5,000 which police said Mrs. Stanley had loaned to him.

In the background was a role played by private detectives. Homicide Inspector George Kimball identified the neighbor in custody as Sam B. Sampson, 42, who he said also had borrowed \$5,000 from a second woman to finance a grocery store.

Sampson, who was held without

VFW Drum - Bugle Corps To Compete

Harrisburg, July 14—(AP)—Twenty of Pennsylvania's top Drum and bugle corps units will vie for honors here tonight in the state Veterans of Foreign Wars' annual championship tournament.

The four-hour tournament termed the "pageant of drums" is a highlight of the VFW's 31st annual convention now underway here.

The drum and bugle corps will compete at Island Baseball Park for thousands of dollars in prizes and special awards in four classes of competition.

The state champion Black Knights from Lock Haven, marchers from Hanover and West Shore of Harrisburg and Williamsport, former state champions, will be in the senior drum and bugle corps competition.

V. F. W. Urges President To Issue An Ultimatum With Threat of Use of Bomb

Harrisburg, July 14—(AP)—The Pennsylvania Veterans of Foreign Wars today urged President Truman to issue an ultimatum to the North Korean government to withdraw its armies immediately beyond the 38th parallel or the United States will use the atom bomb.

The request was made in a resolution adopted by the organization's annual convention.

In another resolution, the VFW called upon the commonwealth to take steps immediately to see that only veterans are appointed to serve on draft boards in the state.

"Those who have not served have no right to select those who will serve," the resolution stated. The VFW also went on record

MacArthur Accepts United Nations Flag

Tokyo, July 14—(AP)—General MacArthur today accepted the flag of the United Nations and said his command would "do all in its power to uphold this noble ideal."

The flag—a white globe surrounded by laurel branches on a blue field—is the "symbol of one of the greatest efforts man has made to free himself," MacArthur declared. He is U. N. Commander for the Korean war as well as U. S. commander-in-chief and chief of the Allied occupation of Japan.

The flag was presented by Gen. Joseph Lawton Collins, U. S. Army chief of staff, in a brief ceremony at Supreme Allied Headquarters.

The three-by-five-foot standard is the same one that flew over the Palestine headquarters of the late Count Folke Bernadotte, U. N. mediator in the Holy Land dispute, a U. N. official said.

11 Are Carried To Death In the Crash Of a B-50 Bomber

Lebanon, O., July 14—(AP)—Only a gaping hole in a field and shattered pieces of metal today show where an air force B-50 bomber crashed, yesterday, carrying at least 11 men to their death.

At El Paso, Tex., Biggs Field officers today announced the names of six of those killed in the crash.

Biggs officials said the plane was on a routine practice mission and was carrying practice bombs.

The plane plunged into the ground on a farm near Lebanon, O., and exploded. The impact and the blast tore a hole in the ground that was about 18 feet deep and at least 75 feet wide.

The big plane was blown to pieces. There was little left that couldn't have been carried away by an average-sized man. Bodies and parts of bodies of the victims were scattered over a wide area.

The explosion was heard in this Warren county seat, four miles away. Windows were blown out of a farm house one mile away.

Reports from witnesses as to just what happened varied.

Two farmers living near the scene—Alex Fields and George Shumaker—said they remarked that the plane appeared to be in trouble only a minute or two before the crash.

BLOOD-TYPING URGED BY MEDICAL SOCIETY

Harrisburg, July 14—(AP)—The blood-typing of all Pennsylvanians as a protection against the effects of an atomic attack is urged by the State Medical Society.

"Blood from living donors immediately following an atomic blast will save more lives than anything else," said Dr. Charles W. Smith yesterday. Dr. Smith is a blood specialist and member of the society's emergency disaster medical service.

The society recommended that the governor's civil defense committee set up an educational program to promote voluntary blood typing.

SENATOR SAYS NATIONS NEAR THE H-BOMB

Washington, July 14—(AP)—Chairman McMahon (D-Conn.) of the Senate House Atomic Energy Committee said yesterday both the United States and Russia are moving "closer to the hydrogen bomb," while turning out "stacks of atomic weapons."

The Connecticut senator didn't amplify either statement. He made it in connection with the publication of a report by the committee's staff dealing with a number of problems posed by efforts to develop the H-bomb.

One serious question raised by the proposed new weapon, the report said, is whether it might not call for a "recasting and change of emphasis" in the present United Nations plan for international atomic control.

The report pointed out that the existing plan—which has been stated by Soviet opposition—is devoted largely to methods for the control of "fissionable" materials, which are necessary for the production of A-bombs.

It noted that hydrogen bombs would depend upon "fusionable" materials, involving an entirely different reaction.

The document called attention, among other things, to the wide differences of opinion, even among experts, concerning the H-bomb's military effectiveness. It noted, for example, that:

1. Dr. Harold Urey, a Nobel prize winner in physics, has suggested the weapon would be "militarily decisive."

Household Budget Dealt Hard Blow In Bread Basket

The household budget for Warren district residents was dealt a stiff blow today—right in the bread basket.

Bakers throughout the area boosted the wholesale price of a loaf of bread one cent today. And retailers will pass the rise along to John Q. Public. Bread has been selling in stores anywhere from 15 to 18 cents a loaf, but generally has averaged around 16 cents. The new boost will up the retail price to 17 cents.

The rise in the price of bread here is in line with a trend established in other communities.

Bakers attributed the price jump to increasing costs of flour, and other materials which go into the loaf, and to the rising cost of labor and materials used for packaging bread.

Just why the price of flour should be going up when the country has such a surplus of wheat that there is literally grain to burn is not clear. The bakers said that's one question that the Secretary of Agriculture has to answer, since the government is involved in a complicated price-support program that keeps the wheat at a high level.

President Truman himself as late as yesterday declared there was no prospect of a food shortage, and spoke of tremendous reserves of wheat and corn and prospects of still larger crops to come.

"Voice of America" Plans a Campaign

Washington, July 14—(AP)—An attempt to blast through the Russian radio jamming screen by sheer power is part of the proposed new "campaign of truth" sent to congress by President Truman.

Mr. Truman asked yesterday for \$89,000,000 to launch an immediate stepped up campaign against Communist propaganda throughout the world. The president termed such a program "vital to our national security."

The biggest share of the special fund would be for powerful new transmitting equipment to carry the "voice of America" into all corners of the Far East and Europe—and to get through Soviet interference to listeners in Russia.

At almost the moment Mr. Truman's request reached capitol hill, the senate was defeating a proposal to add \$4,000,000 to the \$32,700,000 set aside for the "voice" in a new appropriations bill carrying fun's for most government agencies for the year ending next June 30.

Estimated 100 Men Reach The South Bank of Stream In Face Of United States Artillery Fire

Washington—U. S. reported quietly informing other U. N. members their ground forces would be welcome in Korea. Tokyo, July 14—(AP)—North Koreans today breached the Kum river west of Kongju, despite heavy U. S. artillery fire and plane attacks, a frontline dispatch said.

An estimated 100 men reached the south bank of the Kum, last natural barrier before Taejon, the South Korean provisional capital.

Reliable reports said the government was withdrawing to the south.

Associated Press Correspondent Lief Erickson at the front said that if the invaders strengthened their beachhead at night "they could make trouble."

Kongju is about 20 miles northwest of Taejon on the western flank of the American line. The enemy's action could mean an attempt to outflank American positions on the west.

The small band of North Koreans waded the low gravel bottomed river.

President Explores With Cabinet The Whole Range of Home-Front Measures

Washington, July 14—(AP)—President Truman explored with his cabinet today the whole range of possible home-front mobilization measures but cabinet officers said no decisions were reached.

There was also a discussion of the military outlook.

Gen. Omar Bradley, chairman of the joint chiefs of staff, gave a briefing on the military situation.

None of the cabinet officers who talked with reporters after the 45-minute meeting would say what Bradley had told them.

They also declined to say what specific home front measures were discussed, but said the talks covered the whole range.

In congress, any idea of giving Mr. Truman standby authority to impose economic controls ran into flat opposition from Senator Taft (R-Ohio).

Decision To Call National Guard And Armed Reserves Debated at Washington

Washington, July 14—(AP)—A decision on whether to call the National Guard and Armed Forces Reserves to active duty may be reached soon after the return tomorrow of two members of the joint chiefs from the far east.

An informed official said today the defense department is awaiting their return before deciding finally on whether to recommend those steps to the White House.

The department apparently has advised the White House that such action may be necessary, but has not forwarded a definite recommendation.

General J. Lawton Collins, army chief of staff, and General Hoyt Vandenberg, the air force chief, are due in Washington tomorrow. They have been in Tokyo conferring with Gen. Douglas MacArthur on his needs.

With them they presumably will bring the latest picture of the Korean war, including whatever fresh requests MacArthur may have made.

While Collins and Vandenberg have been away, the strategy-making joint chiefs of staff have been operating with only two members, Gen. Omar Bradley, the chairman, and Admiral Forrest Sherman, the chief of naval operations.

The question of calling at least

OFFICIALS ARE NOT FEARING A DUNKERQUE

Morning Brief Session At Pentagon Reveals There Is No Doubt American Troops Will Hold

BUILDING OFFENSIVE

Washington, July 14—(AP)—An Army spokesman said today that American troops in Korea "are not being slaughtered" and "there is no Dunkerque in sight" there.

In the morning briefing session at the Pentagon the Army officer told reporters:

"There isn't any doubt in the world that we are going to hold. 'Sure we are. But it takes time to build up an offensive. We have got the means to handle the situation."

"But of course it's embarrassing—and awfully tough on the people who are up there in the grind-stone."

By his reference to Dunkerque, the officer meant there is no sign the Americans are being forced toward a hasty withdrawal such as faced Allied troops rescued from the beaches before the swift German advance to the sea in Europe in World War II.

The Army officer cited figures for a 24-hour period in Korea showing one killed, 20 wounded and none missing. There were 14 non-battle casualties—men who became sick or were injured in accidents.

Announcement also was made of the loss of one of the 50-plane B-29 mission which conducted a heavy air strike yesterday.

An air officer said the plane was lost to "non-enemy" trouble—forced down on the way to the target.

This was the third B-29 reported lost in the Korean war. Yesterday the Air Force announced that one had been shot down near Seoul and that earlier another B-29 had been "ditched" into the sea. The B-29 shot down near Seoul was not part of the 50-plane raid, but was flying alone, apparently on a reconnaissance mission.

The Army spokesman got into the discussion of casualties and the general outlook in the campaign as the result of questions by reporters.

In denying that any heavy losses were occurring, the briefing officer said:

Allied Planes Blast North Korean Front

Tokyo, July 14—(AP)—American and Australian warplanes rained death and destruction on North Korean front line positions and prime rear supply centers Thursday despite "increasingly bad weather," an air communique said today.

The mightiest strike of the war at Communist supplies was a B-29 raid on Wonsan, strategic North Korean port and manufacturing center 80 miles north of the 38th parallel. About 50 of the big Superforts, using radar to locate targets, dropped 500 tons of bombs.

American and Australian fighter planes ranged up and down the fighting front, strafing and blasting with rockets enemy troops and gun positions.

Fighters destroyed nine tanks, 45 trucks, a half-track and five other vehicles, the communique said. Twelve tanks and 58 trucks were damaged.

The Shark That Swallowed a Boy Has Galveston, Texas, Officials Puzzled

Galveston, Tex., July 14—(AP)—The shark that swallowed a boy has officers puzzled.

They know where the shark, a nine-foot man-eater, came from, but they don't know where he found his victim.

Yesterday the carcass of the shark was discovered in the shallow waters of Galveston Bay. A human foot protruded from the decomposed shark. Inside the carcass officers found the torso of a youth, perhaps 17 or 18 years old.

Justice of the Peace James McKenna said a study of the human remains indicated the youth was between five feet and five feet, five inches tall.

TPS ON TUNING

Augmented on-the-spot coverage, plus documentary and mid-Europe special reports, highlight WNAE-FM pattern in world emergency.

Reports from four correspondents in the Korean Theater of Operations, a three-quarter hour documentary on the Korean war problem, and a mid-century report direct from the hot-bed of political intrigues in Central Europe highlight Mutual's immediate schedule of broadcast coverage of the world-wide emergencies of today.

Augmenting the on-the-scene broadcasts from the Korean Theater, which have been made for the MBS special, regular news and "Mutual Newscast" programs by the man-and-wife news reporting team of Walter and Edith Simmons since the outbreak of hostilities there, will be short-waved reports from two additional correspondents, Pat Michaels and Jack Reed. Mr. Michaels will be heard speaking from front-line positions in Korea, along with Mr. Simmons, who has been at the front since war broke out. Mr. Reed is with naval units under General Douglas MacArthur's over-all command, and will report on sea activities. Mrs. Simmons will continue to be heard from Tokyo, where General MacArthur maintains his command headquarters.

Two special MBS broadcasts on the world emergency have been scheduled for Sunday, July 16. The first of these, to be heard from 8 to 8:30 p. m., EDT, is titled "Europe At the Mid-Century," and will feature reports principally by MBS correspondents in Paris, London and Vienna. Soviet troops are engaging in mass war maneuvers in their zone of Austria today.

The second special broadcast will be the three-quarter hour documentary in "The Pursuit of Peace" series, which will be devoted entirely to the Korean crisis and will be heard from 9 to 9:45 p. m. EDT.

Maj. Gen. Lewis B. Hershey, the Director of Selective Service, will be Mutual's "Meet The Press" interview guest for the broadcast tomorrow night, July 15 (7:00 to 7:30 p. m.). The program sponsored by the Warren Times-Mirror will originate from the MBS studios in Washington.

Mutual's "The Little Symphonies" program, which originates from Montreal, will feature a cello solo of Haydn's Concerto in C Major for the broadcast Sunday, July 16 (9:45 to 10 p. m. EDT). Zara Nelsova will be the soloist and will be accompanied by the "Little Symphonies" orchestra, conducted by Roland Leduc.

Well, the National League came through at the All-Star Game at Chicago, Tuesday, and it was a thriller all the way.

Tonight you baseball fans can hear New York at Pittsburgh at 8:25, with Warm-up Time at 8:30. Next week's schedule for WNAE and WNAE-FM is as follows:

Important Game Is Scheduled For Sheffield Tonight

Sheffield, July 14—With the sun shining brightly today there is a fair guarantee that a softball game will be in store for diamond fans this evening at 6:30 p. m. when the Old Timers engaged the Penn Bottles at Memorial playground.

The fray will be a league game of the newly organized 4-team combine. Two other games thus far have been postponed due to rain. The only other game played saw the Penn Bottle nine drub the High School, 23 to 8, last Friday evening.

The complete league schedule posts regular games each Monday and Friday evening through August 11th.

Sheffielders are to be reminded again of the benefit Bake Sale to be held at 1 p. m. tomorrow at Tot Andrew's Dress Shop. Members of the Lady Harriett Rebekah Lodge are sponsoring the event.

A special vesper service will be held at the church in Brookston, at 8 p. m. Sunday evening. It will be conducted by the Rev. Leslie Frank, of the American Sunday school union.

There will be colored slides depicting women of the Old Testament, and all are welcome to attend the service.

New officers were elected Monday night when the American Legion Auxiliary unit 503 met at the Legion home.

Mrs. Robert A. Persche was named president for the new term which begins in October. Others named to serve in official capacity this year include Mrs. John Samuelson, 1st vice president; Mrs. Irvine Howarth, 2nd vice president; Mrs. Mildred Barr, secretary; Mrs. Norman Samuelson, treasurer; Mrs. Anna Nelson, chaplain, and Mrs. Robert Anderson, sergeant-at-arms.

The president, Miss Eva Brown, was named official unit delegate to the state American Legion Convention, which will take place in Philadelphia next month.

Word has been received that Mrs. George Donick is doing quite well at the Warren General Hospital after being admitted Wednesday for surgery. Friends look for her early return home.

A big time is in store for many Sheffielders on Sunday, Aug. 6, when members of the IOOF Lodge 481, the Ivy Encampment Lodge 83, and the Lady Harriett Rebekah Lodge go to Ludlow for the annual picnic which will be a tureen affair.

HOME FROM GERMANY—David Mariett, 23, who makes his home with his grandmother, Mrs. J. Ray Shepard of 305 Water street, arrived home from Germany this week. He served a 3½-year enlistment in the army, with the rank of staff sergeant performing the duties of sergeant major with the 15th Ordnance M.A.M. Co. in Straubing, Regensburg, Karlsruhe and Heidelberg. Mariett flew back to the United States on an army transport, arriving at Westover Field, Mass., Sunday night. He presently is employed by the Department of the Army, and will return to Germany in about three weeks to serve with the Finance Division of the European Headquarters Command. His duties will be strictly administrative supervision. He finds Germany an interesting country and was especially impressed with the resort area. (Times-Mirror Photo)

Work Bee Planned By Starbrick Folk

All men of Starbrick are asked by the Community Association to turn out for a special work bee to be held at one o'clock Saturday afternoon, when the project will be clearing of brush from the right of way for a new road.

The road will be designated as Green avenue and will run parallel with the Route 6 highway from above Preston avenue to Weller road.

Reminding that school starts in just six weeks and it is the aim of the association to provide a safer place for the children to travel, every man in the community is asked to bring an axe and meet on the right of way between Mason and Weller roads.

Letters to the Editor

To Editor Times-Mirror,
Relative to river bank:

Dear Sir: At the street crossings, I watch for the light changes, and hop along as I hear honks where there are no lights. All this I take good naturedly, but when car owners wish to park where there is a bit of beauty along one of our main thoroughfares which had been planned by ladies who loved Warren, I lose that patience.

Surely there is some available lot in that location that could be used. Perhaps one with an unsightly old building that could be moved off to make the place a parking lot.

I am hoping for I too love Warren.

MENU SUGGESTIONS

BY GAYNOR MADDOX
NEA Staff Writer

MACARONI and vegetables can be combined into a hearty salad, especially good for Sunday night salad.

Macaroni Garden Salad
(Makes 6 servings)

2½ tablespoons salt, 3 quarts boiling water, 8 ounces elbow macaroni, ½ cup French dressing, 4 green onions, chopped, ½ green pepper, chopped, 2 stalks celery, 2 medium tomatoes, cut in thin wedges, 1 teaspoon salt, ¼ teaspoon pepper, ½ cup mayonnaise.

Add 1 tablespoon salt to rapidly boiling water. Gradually add macaroni so that water continues to boil. Cook uncovered, stirring occasionally, until tender. Drain in colander; rinse with cold water; drain again. Add French dressing and toss lightly. Chill.

Add remaining ingredients and mix lightly but thoroughly. Chill again. When ready to serve, turn into a large salad bowl lined with lettuce. Garnish with additional tomato wedges and sprigs of parsley, if desired.

Ever serve a raw vegetable soup? Wonderful in torrid weather. Try this Spanish version.

Gaspacho
Six large ripe tomatoes, 1 sweet red pepper or 1 green pepper, 4

small cucumbers, unpeeled, 2 grated carrots, 2 tablespoons lemon juice, ½ teaspoon garlic powder or 1 clove of garlic, 2 tablespoons finely grated onion, dash cayenne, black pepper, salt.
Chop tomatoes with green or red pepper. Cut cucumbers lengthwise, scoop out seeds, chop. Mix in glass bowl with tomatoes, grated carrots, garlic, onion, cayenne, lemon juice and seasoning to taste. Chill and serve very cold, preferably in glass bowls. Garnish with a sprig of watercress or serve with bowl of crisp watercress.

Brokenstraw Club
Honors Couple's
50th Anniversary

Youngsville, July 14—A very pleasant meeting of Brokenstraw Garden Club was held at the home of Mrs. C. L. Rapp, with Mrs. E. L. Mead as co-hostess, and two specially honored guests, Mr. and Mrs. S. M. Pentecost, Cleveland, O., who make Youngsville their summer home.

Occasion of the tribute paid them was their 50th wedding anniversary. Their wedding took place in Youngsville in the same pleasant home in East Main street where they now spend their summers. It was also the home in which Mrs. Pentecost was born, although their courtship took place in Cleveland. Mr. Pentecost was a resident of that city, his future wife a college student, and they met in a young people's class in one of the Cleveland churches. Their honeymoon took them to England, where they visited his aunts and other relatives, and to France, Germany and Holland.

At the Garden Club meeting, they were presented a gift from the group and tables for the dinner were decorated with golden bells, appropriate flowers and a golden wedding cake.

Features of the evening's program were devotions conducted by Mrs. E. C. Stillings; roll call response on some incident pertaining to early settling of the Brokenstraw Valley. Plans were made for an exhibit of flowers at the fall community fair, the display to center about a chosen theme.

R. C. Bailey, called upon for a nature talk, presented Edwin Carlson, who read an interesting article concerning bird migration. Joseph Swanson, program leader, gave some clever personal observations as he presented E. C. Stillings in a forceful current events resume of conditions in the Far East and at home.

Lenient Parents Set Rules
For the 'Teen-Age Crowd'

THE father of a sixteen-year-old girl writes me that the popular attitude among most of the parents he knows is: "You have to let a teen-ager have the same privileges the others in his crowd are permitted."

He was speaking of such matters as how many dates a week are enough, how late a son or daughter can stay out, what places they can go to, etc.

"But," wrote this father, "there seems to be a catch to that way of handling the problem. That is that the most easy-going parents are the criterion and the rules for the crowd are based on their lenience."

He's right, of course, because teen-agers are usually a lot easier than their parents about hanging together.

If Mary's mother is the most lenient mother in the group, pretty soon all Mary's friends are using Mary to prove that "all the rest of the kids" can do such and such.

TEEN-AGERS never report on what the stricter parents are allowing. And so little by little the stricter parents have to give in to keep their children from being "different" from the rest of their crowd.

If parents of any group of teen-agers would get together and decide on a happy medium between what the most lenient ones and the strictest ones consider sensible rules and regulations, then the teen-agers could be more easily managed.

But letting a teen-ager do "what the crowd does"—if that means that a parent constantly has to make concessions he doesn't think are right—is just an easy way out of a situation that is important enough to be handled with foresight and cooperation among all the parents of a teen-age crowd.

Carl Lundahl and his committee on Christmas Promotion for the Retailers Committee of the Warren Chamber of Commerce, are engaged in taking a survey to determine

what type of decoration will be adopted for the business section the coming Yuletide season. The questions are: Shall the Retailers adopt complete carnival street lighting; continue same decorations as last year; or use intersection lighting at least five points in the town. The survey also involves an expression of opinion as to the method of financing. It's an important one and the secretary's office is hopeful that all members will fill in the questionnaire and mail it back immediately. Incidentally 76 Retailers contributed financially toward the Fourth of July celebration fund; others, however, it should be stated, made contributions in other ways that were just as helpful to the Jaycees, and the boys are very grateful for all assistance received.

Next Best Thing to a New Road!

You must understand, of course, that nothing in the world can take the place of a beautiful ribbon of improved highway—

—stretching so enticingly out into the open country, and all but beseeching you to come for a ride!

But under the happiest auspices, you will have to do much of your driving, for years to come, down roads and highways that leave something to be desired—

—and how lucky you'll be if you ride them out in a 1950 Cadillac!

In recent years, Cadillac has carried out a tremendous program of research and improvement to achieve a finer "rough-road" ride. The development work has covered steering, springs, shock absorbers, frame, wheels, tires, shackles—and all the engineering problems involved.

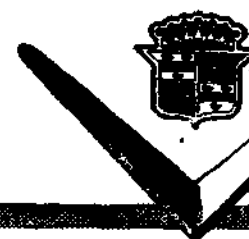

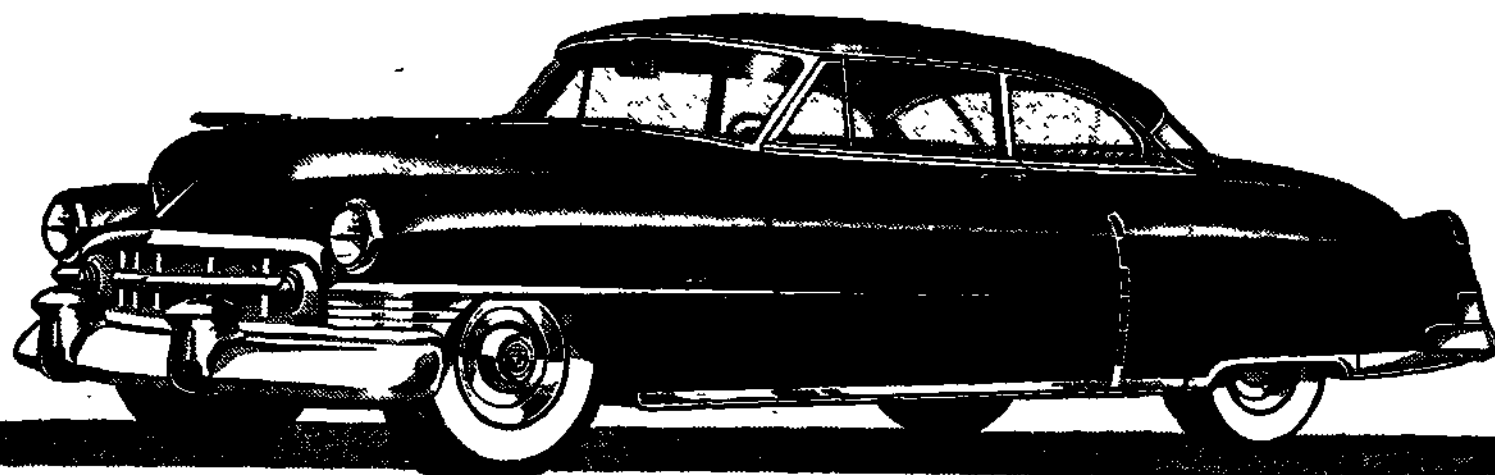

In the 1950 Cadillacs, this great program has come to full fruition—and the results are simply a revelation.

First, you get wonderful balance. The car "stays put"—and you have a reassuring feeling of stability, even when the going's uncommonly rough.

And your ride is amazingly level. You "float" over the bumps and the depressions, ever so gently. Only a road so bad that it deserves condemning can make itself obvious to either the driver or passengers.

And, of course, the remarkable quietness, of both body and chassis, shows up most dramatically on the roughest roads. For quality tells its finest story when the pressure is greatest.

Why not come in and get acquainted with this wonderful car? We'd be happy to see you any time.

EASY CRABGRASS CONTROL

with

SCUTL

TREATED: Beautiful turf because SCUTL stopped the Crabgrass.

UNTREATED: Demon Crabgrass smothering the desirable grasses.

Availability of a new and revolutionary dry-applied powder which kills crabgrass but does not harm desirable lawn grasses was announced today by Pickett's, dealers for O. M. Scott & Sons Co., lawn specialists.

Developed by Scott's Lawn Research, the herbicide eliminates spraying, hand-pulling and other bothersome methods used in the past to combat this hard-to-eradicate lawn eye-sore. The new material, called SCUTL, is simply scattered over the infested area by hand or with a two-wheeled spreader. The particles of powder fasten themselves tightly to the broad crabgrass blades which absorb the chemicals. The plants wither and die.

SCUTL is a green colored, lightweight material, easy to handle and almost dustless. It does not harm pets or birds in normal usage and will not damage flowers or shrubs unless almost deliberately administered.

From experiments conducted by leading agronomists, as well as private lawn owners in the past several years, the producers of SCUTL have learned that it is best applied when crabgrass is flourishing, usually in July and August. The treatments should be made before the crabgrass has an opportunity to drop the seeds that will live to plague the lawn in future years.

Great Women of the Bible: Ruth

BY WILLIAM E. GILROY, D. D.

THE significance of Ruth in the records of the Bible is not always grasped by those who read and admire the story of that Moabitish woman's loyalty and devotion to her Israelitish mother-in-law, in the book of the Bible that bears her name.

The significance is brought out in a passage in the New Testament removed from the ancient story. There in the genealogy of Jesus (Matthew 1), is the record that Ruth was the mother of Obed, grandfather of King David. I like to think that in the ancestry of Jesus belongs to the whole world, was this Gentile Moabitish woman, worthy in every respect of the Christ who was to come, centuries later.

For Ruth was worthy of the Christ, who gave His commandments of love and who glorified loyalty in human relationships. The story is a simple one, even if involved in elements of deep tragedy, and it is the triumph emerging out of tragedy that makes it a story of such beauty.

Naomi, the Israelitish woman, had gone with her husband and two sons to the land of Moab, the land across the Jordan from Palestine, where Moses had died in sight of the Promised Land. Here the family, fleeing famine, evidently found the food and prosperity they had come seeking, for the two sons took wives there. Then tragedy came in the death of the husband and father, followed by the death of the two sons.

Left with only her two daughters-in-law, Naomi turned longingly to her native land, where report said bread now was plentiful. Her two daughters-in-law accompanied her, despite Naomi's protests that they remain in their native land. When one daughter, Orpah, finally agreed to return home, Ruth embraced Naomi, uttering the famous words, "Entreat me not to leave thee—for whither thou goest I will go. Vowing that they shall be with her people, and thy God, my God," Ruth married a just man, Boaz, and foraged in their fields for grain left in the wake of the reapers that she might feed her mother-in-law.

Apart from all other details, and Ruth's place in the genealogy of Jesus, it is a noble story of two women in a relationship that is not always so happy, even among intelligent and educated women from whom better things might be expected.

The example of Ruth and Naomi, and the teaching of the great Teacher descended from Ruth, ought to make it possible for women to live in love and loyalty with each other, even in circumstances where the situation may be trying.

charge, denied any knowledge of Mrs. Stanley's death. In fact, he said, he was in the company of the other woman, Mrs. Ruth Rankin, at the time of the slaying. Police said Mrs. Rankin supported Sampson's statement.

Mrs. Stanley, wife of Crawford T. Stanley, a Detroit metallurgist, was killed about 11:30 p. m. Wednesday. It was near noon when a chance passerby in an alley came upon her body.

Her husband, on a fishing trip to Canada with a son, Thomas, 14, hastened home overnight and offered his aid to police. There is one other child, a daughter, Lucy, 7.

Police tried to get at the reason for Mrs. Stanley's departure from her Pinehurst avenue home wearing only her blue nylon nightgown and light blue coat.

When the big push across the river comes, the Communists will have to attempt it without their first division, which spearheaded the long drive of more than 150 miles from the border to the Kum.

General MacArthur's communique said the first division, described as North Korea's finest, was so badly mauled by U. S. ground troops and air blows that it has been replaced in the line by the Sixth Division.

The communique still showed concern over the sweeping eastward movement by two Red divisions.

Washington, July 14—(P)—The State Department said today the minimum condition for a solution of the Korean crisis is for the northern Communists to stop fighting and withdraw to their own territory.

Belgrade, July 14—(P)—

Yugoslavia accused Bulgaria today of sending army patrols across the frontier yesterday in four separate incidents in which shots were exchanged and one Bulgarian soldier killed.

Tokyo, Saturday, July 15—

(P)—General MacArthur's communique said today that American troops still were employing delaying and defensive actions against superior North Korean forces along the Kum river line.

They threaten to cut off the Kum and Taeyon from its supplies coming up from Pusan, southeast port.

It said the Reds still were driving toward Hamchong and Andong. These cities are 44 and 75 miles east of Taeyon and about 60 miles north of Taegu on the highway from Pusan to the front. Hamchong is only 32 miles north of Kumchun, another road point.

A spokesman at advanced headquarters said, however, that the South Korean army had generally stabilized this eastern sector of the front. It apparently was based on information later than that in the communique.

Allied warplanes kept up their ceaseless hammering of invader ground forces back of the front Thursday. A Far East Air Force communique listed nine enemy tanks destroyed, 12 damaged, 45 trucks destroyed and 58 damaged.

Unusual happenings are taking place on the radios of State Police and the Highway Department in Warren. On clear days, the local State Police radio often picks up signals from North Carolina State Police transmitting stations. At the Highway Department in Starbrick, signals from the Highway Department of the state of Washington are received occasionally. Recently, the Washington department was trying to contact one of its trucks about 30 miles away from its headquarters. The message was intercepted at Starbrick, and the truck contacted from here after being unable to pick up the signals from its own headquarters. The ordinary range of FM radios used by such organizations is about 50 miles.

Dates Set for State Hot Stove Intermediate Baseball Tourney

Plans for a State Tournament for Hot Stove Baseball teams of Intermediate age, at Tarentum, were announced today.

The tourney is slated for August 24 and 25.

Tarentum was picked as the tournament site since it is a central location for teams in the western part of the state where the Hot Stove organization is rapidly gaining strength.

Hot Stove teams invited to participate will be from Warren, Tarentum, Midland, Rochester, Monaca, and Aliquippa. An invitation also will be extended to a team from the Knot Hole League at Kane.

The plan is for each town to send its intermediate champion.

The winning team also will have the opportunity to choose at least four other players from other teams in the league to balance the squad.

The tourney will be on an elimination basis and a consolation series also will be arranged for the losers.

Cy Butler, national president of the Hot Stove League, will attend. Arrangements are being made to have several members of the Pittsburgh Pirates team and numerous big-league baseball scouts on hand. At least two of the games will be broadcast over WKPA at New Kensington.

Announcement was made today that the St. Louis Cardinals are planning to hold a two-day baseball tryout school at the State Hospital field on Monday and Tuesday, July 31 and August 1.

Louis May Re-Enter Ring to Settle Tax Bill With Uncle Sam

New York, July 14.—(AP)—Joe Louis is coming back to fight Edward Charles in September if he can settle his income tax problems.

Jim Norris, president of the International Boxing Club, gave out the news yesterday when he revealed plans for a Louis-Charles bout at Yankee Stadium in the last week of September. The date probably will be Thursday, Sept. 28.

"Joe owes the government a considerable sum of money," said Norris. "The only way he can ever pay it and get straightened out is to fight again."

"He has asked the government to accept whatever his purse would be for a Charles fight in full settlement of the government's claim. That would hold whether his purse amounted to more than what he owed or less."

Norris said Louis got into tax difficulties a couple of years ago because the government disallowed certain deductions he had taken on advice of his auditors and counsel. He pointed out that the champ's investments hadn't turned out too well.

There is no indication as to when and how the government might answer Louis' request.

A bout between Louis, the retired undefeated champ, and Charles, the NBA-recognized heavy-weight king, should be a huge financial success.

The correct play, as Pete demonstrated, is to win the first trump trick in the South hand with the
